# EXE CARP LR

## 10000

- Stainless Steel Bearing System
  - 7 Stainless Steel Ball Bearings
  - 1 Stainless Steel Roller Bearing
- Aluminium Body and Rotor
- Stainless Steel Main Shaft (6 mm)
- Carbon Drag System, watersealed
- Drag power 12 kg
- Wormshaft-Oszillations-System (40 mm)
- CNC folding Handle with Wooden Handle Knob
- incl. 3 Aluminium Long Cast Spools
- 2 Metal Lineclips
- Permanent, infinite Anti Reverse
- Bail Lock
- Tangle-Guard-System

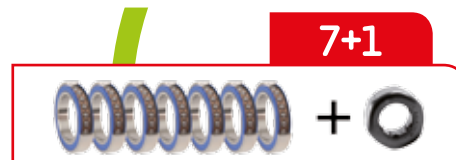

3 Aluminium Spools inclusive  
2 x Deep / 1 x Flat

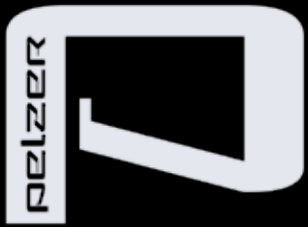

### Our premium distance carp reel!

The EXE Carp reel, not only looks the part but is packed with exceptional technical features. The robust metal body and rotor are extremely robust. The reel includes 7+1 stainless steel ball bearings making the reel super smooth, every time you turn the handle. The long handle and the precision wormshaft enables you to retrieve your rig quickly from long distances. The carbon drag system enables precise adjustment of the drag when playing hard fighting fish. The reel includes 12 kg of drag power for big fish!

| Item-No.:    | Line Capacity<br>m/mm            | Gear Ratio | Line Retrieve<br>in cm | Weight<br>in g |

# PELZER CARP XT LR 8000

## CARP XT LR 8000

- 6 Stainless Steel Bearing System
  - 5 Stainless Steel Ball Bearings
  - 1 Stainless Steel Roller Bearing
- Strong composite Body and Rotor
- Stainless Steel Main Shaft (6 mm)
- Carbon Drag System, watersealed
- Wormshaft-Oszillations-System (40 mm)
- One touch folding Handle with Ergo-Grip
- incl. 2 Aluminium Long Cast Spools
- Metal Lineclip
- Permanent, infinite Anti Reverse
- Bail Lock
- Tangle-Guard-System

2 Aluminium Spools inclusive

### A true long cast reel!

The spool capacity will hold a huge 550 m of 0.35 mm giving you a capacity suitable for all situations. With a capacity like this you could even use a bait boat for placing your rig perfectly into an area at distance. The robust composite body is extremely durable. The precisely engineered wormshaft gear, with a 6 mm mainshaft plus 5+1 precision stainless steel ball bearings, make this a very smooth reel when retrieving rigs from long distances and playing big fish. The aluminium long cast spool includes a spring-loaded metal line clip and an anti-tangle system developed to reduce the your line getting caught under the spool and the mainshaft.

| Item-No.:    | Line Capacity<br>m/mm | Gear Ratio | Line Retrieve<br>in cm | Weight<br>in g |
|--------------|-----------------------|------------|------------------------|----------------|

5+1

# CARP LINER

## 6000

- 5 Stainless Steel Bearing System
  - 4 Stainless Steel Ball Bearings
  - 1 Stainless Steel Roller Bearing
- Strong composite Body and Rotor
- Strong Front Drag
- Stainless Steel Main Shaft
- CNC folding Handle
- Aluminium Long Cast Spool
- Metal Lineclip
- Finly adjustable Free Spool System
- Permanent, infinite Anti Reverse

### Excellent value free spool reel with subtle design!

The Carp Liner 6000 is a well-engineered smooth running reel. The quality gear and the finely adjustable free spool system are features that you would expect on a much more expensive reel. The aluminium spool includes a metal line clip to reduce damage to braid or mono. One of the fastest in its class, a gear ratio enabling you to retrieve 105 cm of mono or braid per turn of the handle!

| Item-No.:    | Line Capacity<br>m/mm            | Gear Ratio | Line Retrieve<br>in cm | Weight<br>in g |

1 Set = 2 pcs, (1 x tip + 1 x grip)

Item No.: 2D-G 155-002

## PELZER EXE MILES

# EXE MILES

## Brand new, stylish carp rods with super-slim blank!

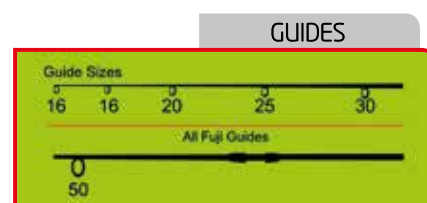

The large "long range" guides are perfect for long casts and distance fishing. Apart from this, bigger guides have an advantage when there's weed tangled on the line - and they look better! Progressive action gives more control over casts and when fighting carp. Premium components, such as the FUJI DPS reel seat and FUJI SV-O guides perfect the rods features.

### EXE MILES LR OS

OS means 'Old School'. Full cork handle gives a stylish appearance and feels comfortable in your hands.

### GUIDES

## PELZER EXE 4BRAID

**EXE 4BRAID LR** noble design meets modern rod building. This rod series is especially designed for braided lines. Super-slim pearl-black High-Carbon-Blank, combined with finest stainless steel guides with "BLACK CHROME" rings make these rods a real eye catcher. The extremely light stainless steel guides have an excellent heat absorption effect. It will protect braided lines from damage. Mono can be used also. Progressive action gives a more accurate cast and perfect when fighting carp. Large long range guides are on the 10' model also because bigger guides also have an advantage at short range and when boat fishing.

### STALKING the Perfect Short Distance Margin

Fishing Rod! Whether fishing tight to river banks or margins, this rod is ideal for stalking carp and for dropping bait directly into their favourite feeding spots.

An extra-short rod (11ft / 3.36 m) with a semi-parabolic action.

The powerful backbone delivers all the power you need for pulling carp clear of snags.

| Item-No.:    | Length<br>feet/meter | Sections | Closed Length<br>meter | lbs  | Weight<br>g |
|--------------|----------------------|----------|------------------------|------|-------------|

## PELZER CONTACT & CONTACT KORK

# CONTACT

**CONTACT** The reduced diameter carbon blank loses nothing in its fish fighting ability. When you hook a fish at distance the parabolic action takes over and does the work for you. The blanks uncompromising construction gives the rod a perfect stable platform which is very noticeable, when put under extreme pressure. Along with power, the casting dynamics are perfect for hot spot fishing at great distances. The rod is an all round fishing tool. It has everything that makes a great carp rod.

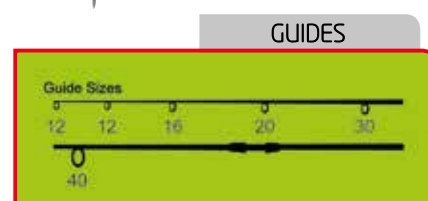

| Item-No.:    | Length<br>feet/meter | Sections | Closed Length<br>meter | lbs  | Weight<br>g |

## **CARP FIGHTER**

- 5+1, gunsmoke 2-leg SIC guides
- #40 starter guide, #12 top guide
- LR #50 starter, #16 top guide
- 100% carbon blank in mat black
- Quality reel seat in black / silver
- Black guide wrappings
- Fast Grip extra slim
- Aluminium / rubber butt cap

**CARP FIGHTER** fine entry-level user rod with excellent casting- and drill-characteristics. The semiparabolic action especially offers great all-round capabilities. Black blank with black wrappings and thin maximum slip-proofed Duplon-grip area. 5 plus 1 guides #40 starter and #12 tip. The PELZER CARP FIGHTER is a modern carp rod of most notably! Lean and fast carbon blank, stable SIC guides and tough black nylon/aluminium reel seat. All this you often read about rods with much higher pricing! The PELZER CARP FIGHTER has high stringiness and even presents superior distance casting.

# PELZER AIR DOME 10.000

## The PELZER AIR DOME is the best PELZER bivvy ever!

The Bivvy doesn't use traditional style tent poles but a unique system of inflatable pressure tubes making this a quick and easy bivvy to construct. In fact one person could do this in 2 minutes - we've timed it! After the bivvy is setup, it is very easy to adjust or even move to another peg. Give yourself 3 more minutes and you could have the whole winterskin (overwrap) added too! PELZER AIR DOME 10.000 can also be set up on uneven ground - no more problems with bent or lost tent pegs and damaged mounts.

Tubes are added to the outside of the main bivvy for more head space and a thermal air buffer between the main bivvy and winterskin (overwrap) which reduces condensation. Delivered with a double-action-pump, complete winterskin (overwrap), velcro detachable heavy PVC ground sheet and a spacious and robust carry bag.

Pump also can be used for deflating the air tubes.

### 2-Men Air Dome 10.000 + Winter Skin

AIR DOME TEST VIDEO

# PELZER BUNKER 10.000

## Finally it's here! The new Bunker! Super solid, very flexible!

The new Pelzer Bunker 10.000 beats every expectations. Super tough and with 10.000 mm waterproofness on the highest level. All stitches are double sealed. Flexibility was very important for us. A lot of windows with mosquito nets guaranty a good air flow. At the entrance you can optional use a clear window. The complete front is also removable and can be replaced with a mosquito front (included in the package). Notably outstanding is the inside-tent (also included in the package), which can be installed optional. This is a good way to keep out the condensed water during colder seasons and it's also an additional protection from the cold. With the winter-skin (optional available) you have another 3 layers which will protect you from bad weather conditions. The bottom canvas is made out of extreme robust and „rustling free“ PVC and can be attached with velcro. The transport bags for the main-tent and winter-skin are extra big to allow easier stowage.

Item-No.: **2D-G 300-058**

### Dimensions:

- Measurements: 295 x 300 x 162 cm
- Packed: 120 x 30 x 30 cm
- Weight: ca. 21,0 kg

### Technical specifications:

- Tent Material: 300D PU 10.000
- All stitches double sealed
- Extra tough Zippers
- Hydrostatic Waterproofness 10.000 mm
- Supplied with inside-tent and additional mosquito front
- 16 extra strong tent nails
- Bottom canvas made of rustling free heavy PVC
- Completely removable front
- Velcro rod holders
- Material: 90% Polyester, 10% PVC

# BUNKER10.000

NEW

## Bunker Winterskin

The winter-skin forms a small for-tent where, if required, wet clothes can get stored, without creating higher humidity in the main-tent.

Item-No.: **2D-G 300-059**

## PELZER HOME 10.000

# HOME 10.000

### The Pelzer Home is our largest carp bivvy!

Made from our toughest material with 10.000 mm hydrostatic waterproofness. With a ceiling height of 190 cm, this has been designed for the long session angler where more space is needed. Internally there is plenty of space meaning nothing needs to remain in your car. Delivering with an inner tent which can be parted in the middle, for more privacy and the multi breathable layers with wind and weather protector, guarantees protection and a good internal climate even during the toughest conditions. During hot conditions the front section can be removed completely giving you plenty of room, whilst access to the main rooms are through the 2 other side doors. Very easy to set up and pack down and with a transportation length of only 125 cm. A foyer with 3 large mosquito-net-windows, 2 side mosquito-protection-doors and a large rear mosquito-protection-window. This ensures there is always adequate air circulating. Ultra light and extra robust powder coated aluminum pole system (6-folding) and 6 aluminium telescopic poles guarantee maximum stability. The outer material has anchoring supports to ensure the material is really tight - really important on uneven ground. For the colder winter season you can also add the optional the Pelzer Home Winter-Skin 2D-G 300-051 (overwrap) made from 100% 210D PU with 5.000 mm hydrostatic waterproofness. Creating an extremely robust and waterproof 3 layer structure.

Item-No.: **2D-G 300-050**

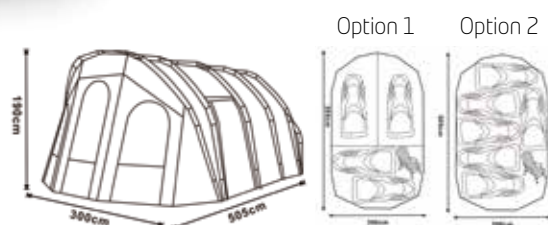

#### Dimensions:

- Measurements: 505 x 300 x 190 cm
- Packed: 125 x 30 x 30 cm
- Weight: ca. 25.5 kg

#### Technical specifications:

- Tent-material: 100% 210D PU
- All stitchings sealed with wide taped seams
- All tention points are box stitched
- Durable, green Zippers
- Breathable inner tent central divisible
- Hydrostatic Head 10.000 mm
- Package includes 25 extra strong tent pegs and carry bag
- Groundsheet made from tear-resistant 100% PE material (with Velcro, detachable)
- Velcro rod holders
- Material: 90% Polyester, 10% PVC

### Pelzer HOME WINTER SKIN

For the colder winter season you can also add the optional the Pelzer Home Winter-Skin made from 100% 210D PU with 5.000 mm hydrostatic waterproofness. Creating an extremely robust and waterproof 3 layer structure.

**Material:** 90% Polyester, 10% PVC

Item-No.: **2D-G 300-051**

Equipment not included

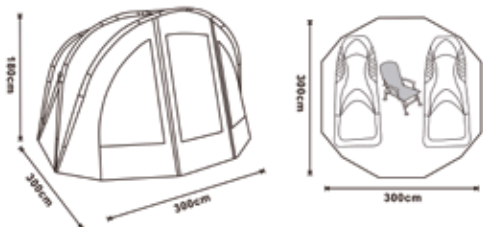

# VILLA 10.000

## The luxury tent for 2 people!

A lot of know-how Markus collected over the years went into this construction. The inside-tent offers a lot of space for 2 people, but a third bedchair can be put up as well. By having steep walls and a huge standing height up to 180 cm you will never get a feeling of uncomfortable narrowness. Ingenious is the separation of the tent to the outside-tent in which the winter-skin is nearly a own tent, because it sits on it's own rails and sleepers. Hereby you reach huge stability and also best possible weather suitability.

Of course can you also put up the Pelzer Villa without the outside-tent. By using the huge outside-tent you create a large for-tent with up to 140 cm of depth which allows the protected erection of 2 carp chairs and the dry placement of tackle. The robust 100 % PVC bottom is a two piece and depending on the location, it can also be placed in the for-tent. The bottom of the for-tent is included in the scope of delivery of the outside-tent (winter-skin).

Item-No.: **2D-G 300-052**

### Dimensions:

- Measurements: 300 x 300 x 180 cm
- Packed: 115 x 26 x 26 cm
- Weight: ca. 15 kg

## PELZER ALL WEATHER DOME

# ALL WEATHER DOME

### The trendy!

THE PELZER All Weather DOME is a trendy 2-man tent that MARKUS has optimized at significant points. The sheer size of the stable and weather-proof design is impressive - the compact pack size is surprising! (Transport length of 2D-G 300-036 only 104 cm) The front of the PELZER All Weather DOME can be completely opened and allows perfect use of the large canopy, especially in good weather. In bad weather, the entrance area is well protected with its large mosquito repellent windows, so there is always enough air circulation. Two large rear windows provide additional lighting and ventilation. An available option for the cold season is the PELZER All Weather DOME Winterskin 2D-G 300-037 and D-G 300-039 (cover), also made of 100% 210D PU with 5.000 mm hydrostatic water column. It has two front and two rear windows. An ultra-light and extra strong powder coated aluminum triple rod frame system plus four aluminum telescopic poles and a flexible framework for the canopy ensure a tent-structure of outstanding stability.

Item-No.: **2D-G 300-036**

#### Dimensions:

- Tent-material: 210D PU
- Hydrostatic Head 3.000 mm
- Material: 90% Polyester, 10% PVC

PELZER UMBRELLA

# EXE UMBRELLA NUBRO

The Pelzer XT Nubro is our fully adjustable and robust umbrella. When opened, the main shaft can be unscrewed and screwed back in at a 45 degree angle. Making this perfect for putting your chair or seat box tight against the back of the umbrella in windy conditions. The material of the umbrella is manufactured from a robust, waterproof coated nylon fabric. Part of the main shaft is manufactured from stainless steel. The telescopic pole has an adjustable lever system meaning the pole can be clamped in many lengths. Material: 420D PU 100% Nylon

2,50 m - Item-No.: **2D-G 303-250**

3,00 m - Item-No.: **2D-G 303-300**

NEW

## XT UMBRELLA

Every angler fishing from a peg or fixed spot should carry an Umbrella. The XT umbrella from Pelzer is extremely robust with stainless steel rails and sleepers. The umbrella itself is manufactured from a strengthened nylon fabric and coated with a waterproof PU. The telescopic pole has an adjustable lever system meaning the pole can be clamped in many lengths. Material: 420D PU 100% Nylon

2,20 m - Item-No.: **2D-G 302-220**

2,50 m - Item-No.: **2D-G 302-250**

The XT Schirm can be bent in several positions. Perfect for adjusting the umbrella without changing the position of the spike.

## XT UMBRELLA-TENT

**NEW**

PELZER XT Umbrella tent is a 2,50 m umbrella with 50% side panels, creating a tent. Panels can be detached with strong zippers enabling you to use it as an umbrella too. Perfect protection for all weather conditions.  
Material: 420D PU 100% Nylon  
Item-No.: **2D-G 304-250**

## OVERWRAP FOR UMBRELLA

Universal overwrap for transforming your umbrella to an umbrella-tent. Available for 2,5 m and 3,0 m versions. The Overwrap is fitted and padded at the peak. Tent pegs are included.  
Material: 420D PU 100% Nylon

## PELZER TENT ACCESSORIES

**Hard Bivvy Table** wide and stable ABS-table with telescopic height adjustable legs which gives the table steady stand on every ground. Measurements: 71 x 30 x 25 cm

Item-No.: **2D-H 120-002**

**Flexo Table** a very handy little workstation.

The underside is filled with poly-balls and is extremely comfortable when resting on your knees. Features an 100% EVA tray and handle. Measurements: 60 x 30 x 6,5 cm

Item-No.: **2D-G 168-001**

**Bivvy Table** Aluminium table with telescopic legs. Height adjustable legs from 15-22 cm which makes the table extremely stable. Measurements: 38 x 32,5 x 4,5 cm

Item-No.: **2D-H 120-001**

**Tent Peg Kit** 12 extra strong Aluminium tent pegs with stable PVC grips in an 100% Nylon transportation bag. Material: 100% Aluminium / PVC

Item-No.: **2D-G 300-099**

**Tent Mat** Highly recommended because this doormat is equipped with four steel hooks for easy fastening in front of the tent. On top of that the Tent Mat has two elastic bands that offer additional mounting options, such as has on chair and bed chair legs. This keeps dirt and moisture away and makes camping significantly more pleasant. Measurements: 90 x 60 cm Material: 100% PVC und Neoprene.

Item-No.: **2D-G 300-100**

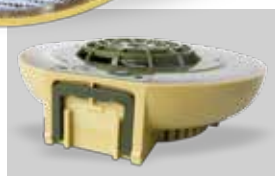

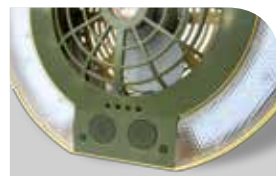

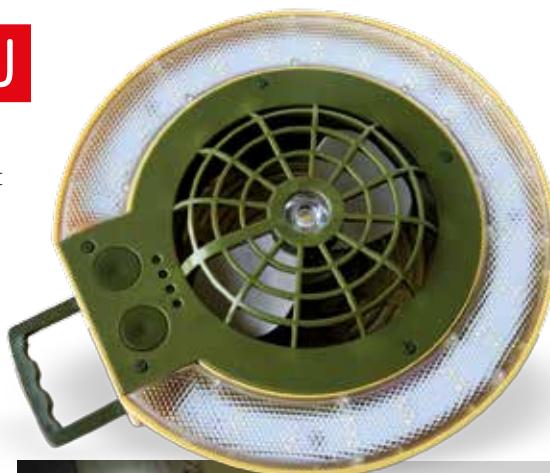

## EXECUTIVE Bivvy Light + Fan

LED floodlit lighting with a strong beam.

Including several light modes such as spot, room light, adjustable at 2 levels. The integrated fan also can be regulated at 2 levels. For best air circulation, ensure you attach it in the right position. The two-piece hook can easily be attached to a tent pole or loop. Operated with strong a 4000 mA lithium ionen battery and can be charged via a USB cable (included). You also can charge your mobile device via an integrated USB-slot by using your charging cable.

Item-No.: **2 D-F 010-002**

**new**

**LED Bivvy Bright** Perfect lighting for bivvy, tent and fishing place. Flexible LED strip with high illuminating power. Needs optional 12 V power source. Velcro for mounting, connector cable and adapter for cigarette lighter included. Delivered in useful hardcase. Length: 32 cm

## PELZER CHAIRS

### EXECUTIVE Boss Chair

A chair for 'real men' up to 150kg!

The extra wide chair has lots of cushion in the right areas. The main seat and back rest is extremely comfortable and designed to ensure maximum seating comfort. The cover of the seat and the back rest has been made out of a soft fleece, which not only keeps you warm during the colder winter months but is nice

and comfortable. The aluminum arm rests are covered with a detachable fleece. The back rest is fully adjustable. The chair legs

are fully adjustable in height and will ensure maximum stability on nearly any surface.

#### Cover Material:

80% 500D Polyester,  
10% Neopren, 10% EVA  
Total height: 100-107 cm  
Seating height: 38-45 cm  
Seat surface: 60 x 60 cm  
Back rest: 68 x 59 cm  
Weight: 7,1 kg  
Bears up to: 150 kg

Item-No.: **2D-G 180-005**

### EXE Air Chair Tube Mat

Really light and comfortable chair with arm rests and high back rest. A super feature is the comfortable cushion, which has been manufactured using 16 half round „foam tubes“ for comfort and aeration. The high back rest has a soft cushion at the head. All 4 legs and the back rest are fully adjustable. Wide feet with ball joints offer stability and flexibility on any surface.

#### Cover Material:

80% 500D Polyester,  
10% Neopren, 10% EVA  
Total height: 100-110 cm  
Seating height: 37-53 cm  
Seat surface: 54 x 48 cm  
Back rest: 67 x 53 cm  
Weight: 6,6 kg  
Bears up to: 130 kg

Item-No.: **2D-G 180-003**

## EXECUTIVE Bags Range

This Pelzer bag range meets the highest quality standards and comes in elegant dark green / black colours (Executive Design). For added strength, all pockets are provided with synthetic leather. Solid fabric makes the bags long lasting and functional. Solid pocket fabric is tear and abrasion resistant, colourfast and water repellent. The fabric is highly elastic and tear resistant, even in cold weather. Clips and buckles are made of thermoplastic material and zippers are made of temperature-resistant material. Major seams are stitched several times and only 3 to 4-fold twisted 100% polyester yarns of the highest quality are used as threads to ensure outstanding resistance to environmental influences..

- Extra strong padding • Dark green 100% 420D Nylon material and black 100% synthetic leather parts • Solid zippers
- Triple box stitching on load points • Robust clips

## PELZER EXE MAGIC RADIO BB

### EXE Magic Radio BB 3+1

A new Generation bite indicator.

The EXE Magic Radio BB bite indicator is integrated in the Aluminum Buzzer Bar.

This doesn't just look cool, but is also very stable and technically on the highest level. Included are deep rubberized rod holders which reduces the risk of the rods getting pulled out of the rests sideways. The EXE Magic Radio BB comes with all the setting options that a good bite indicator should have. Radio range up to 500 meters and low battery consumption. The use of only 2 x 9V block batteries will guarantee low running costs.

Item-No.: **2 D-F 006-003**

- Transmitter with a 500 m range
- Sensitivity adjustments
- 5 level volume adjustment
- 4 level sound adjustment
- Automatic battery warning
- Operated with 2 x 9V block batteries (not included)
- Night light
- Rain proof

### EXE Buzzer Bar for Magic Radio BB

Strong and durable Buzzer Bar matching our PELZER MAGIC RADIO BB bait indicator set. Threads for banksticks can be adjusted on the bar and then fixed in position. This makes it perfect for just about any rod pod!

Item-No.: **2D-F 006-010**

**new**

## EXE Smart Alarm

Easy to operate bite indicator set with a digital remote controlled wireless receiver. Each bite, the digital display (line counter) shows you how much line is being pulled off. A joystick enables you to easily program every setting. With all the versatile adjustments you can set functions to your individual needs. The receiver has a vibration function and is very slim and fits perfectly into your pocket. The EXE Smart Alarm is energy-saving and operates with 3 x AAA batteries meaning low running costs too!

- Slim and lightweight
- Easy operation with a joystick
- Metric Digital line counter
- Receiver with 200 m range
- Versatile setting options for the LED's
- Radio range control
- Vibration alarm
- Night light

## Stainless Tri Adapter

Perfect for creating a sturdy tripod. Made of stainless steel.  
Item-No.: **2 D-H 100-025**

## PELZER EXECUTIVE PZ 235

### EXECUTIVE PZ 235

Mobility on the waters becomes a matter of course for carp anglers also. Unapproachable banks, islands and hundreds of meters far fishing along the waterside makes the use of a boat essential. For the PELZER Boot we have combined the experience of Markus Pelzer and know how of the well-respected rubber boat manufacturer. Safety, robustness and a well-thought-out construction matters if you determine for a boat. The PELZER BOOT is made of extremely heavy duty 0.7mm PVC tarpaulin, doubled in material stress areas. All joints are bonded with ultrasonic welding process. As for a higher robustness the use of an inflated base was dispensed - the whole boat hull is surrounded with a thick skirting board. Many supplementary details, like extremely sturdy thole pins, steady transom, a slidable seat bench and doubled joints results in a reliable tool whereby the fishing still is focused. Specifications you will find on the identification plate.

Item-No.: **2 D-G 900-235**

Delivered in robust transportation bag incl. foot-operated air pump and repairkit.

## Landing net Floater

Material: 90% Polyester, 10% PVC  
Fits all Pelzer landing nets.

Item-No.: 2 D-G 150-002

## PELZER CARP MATS

### Ultrasafe Mat

Enjoy optimal protection with this 120cm x 75cm unhooking mat. Keep your catch secure and safe out of the water. The loose filling polystyrene beads balance the fish's movement. The mat conforms to the carp's shape. For secure ground attachment, the mat features four plastic eyelets through which tent pegs are introduced. For transport, the Ultra Safe Mat can be folded and snap-closed. Lightweight, quick dry mat. **Very important:**

Wet the mat appropriately before use.

Material: 90% Polyester, 10% PVC

Measurements: L 120 x W 75 x H 10 cm

Item-No.: **2 D-G 120-002**

### Pool Mat

Numerous carp anglers favour this tub-shaped mat. It keeps the fish completely safe and has been extensively proven. Features an internal 100% PU coating to protect the fish. The top of the mat is secured with 100% Velcro strips and can be easily removed and reattached. The thickly padded and 100% PU-coated surface is removable for easy cleaning.

Material: 90% Polyester, 10% PVC

Measurements: L 125 x W 60 x H 30 cm

Item-No.: **2 D-G 120-003**

### EXECUTIVE Blow Mat

Air-filled unhooking mat for inflation and maximum protection of your fish. Easy and rapid inflation with the small air pump included.

Material: 90% Polyester, 10% PVC

Internal air chambers: 100% PU

External dimensions: L 130 x W 85 x H 15 cm

Internal dimensions: 105 x 55 cm

Border height: 15 cm

Includes 100% Nylon carrying case: L 60 x W 24 x H 23 cm

Item-No.: **2 D-G 120-004**

## Carp Cradle

Pelzer Carp Cradel is an extravagance unhooking mat with highest possible protection for the fish. The rubberized material features zero friction and is easily cleaned. Water can rinse down and the cradle can be covered upside. Featured with robust poles and foldable very flat and easy.

Materialien:

Surface: 100% Nylon 420D

Poles: Aluminium

Measurements:

L 132 x W 75 x H 50 cm

Item-No.: **2 D-G 166-001**

## Solid Carp Cradle

**NEW**

Extremely stable carp cradle for carefully unhooking carp. The stable frame is very secure, even on uneven ground. Any water gathered will run through the rubberized mesh on the underside of the cradle. The cover can also be used to protect your knees from mud and wet ground.

Surface: 100% Nylon

Measurements: L 115 x W 65 x H 30 cm

Item-No.: **2D-G 166-003**

## Pop-Up Cradle

A modern unhooking mat.

Optimum protection for your fish with a small packing size.

Put up and packed away in seconds. Just take it out of the bag and the flexible pole system pops it straight into place. Just add the cushion and job done! The luxurious cushion protects the fish and is easy to remove for cleaning.

Measurements: L 110 x W 50 x H 30 cm,

Packed: 55 x 50 x 10 cm,

Material: 90% Polyester, 10% PVC

Item-No.: **2 D-G 166-002**

# PELZER CARP MAT & SACKS

## EXECUTIVE Weightsling & Carp Sack

- Ideal for short-term fish holding and weighing
- Made of water resistant 100% PVC-coated 100% 420D nylon and mesh fabric
- Reliable protection for fish membrane
- Sturdy handles
- Zipper side panels

Material: 90% Polyester, 10% PVC,  
Measurements: 108 x 40 cm

Item-No.: **2 D-G 125-001**

## EXECUTIVE Floating Weight Sling

With 100% EVA foam at the upper end keeping the weigh sling on the surface.

- Ideal for short-term fish holding and weighing.
- Made of water resistant, 100% PVC-coated 100% 420D Nylon and netting
- Reliable protection for fish membrane
- Resilient carrying handle
- Side parts lockable with zip fastener

Material: 90% Polyester, 10% PVC

Measurements: 108 x 40 cm

Item-No.: **2 D-G 172-002**

## EXECUTIVE Carp Sack

This superb carp sack is made of breathable 100% "Safe-Flo" material. The tear-resistant material comes in a dark green colour. Very soft and quick drying material. Features a zipper for secure and easy closing. D-ring for fixing a lanyard.

Material: 90% Polyester, 10% PVC  
Measurements: 120 x 90 cm

Item-No.: **2 D-G 172-001**

## Fishmat Compact

Small foldable unhooking mat with 2.5cm thick padding. Total size is 110 x 65 cm plus knee section. Made of fish-friendly, PVC-coated 100% 420D Nylon and is easy to clean. Includes straps to roll up for transportation and water-resistant 100% Nylon bag.

Material: 90% Polyester, 10% PVC

Item-No.: **2 D-G 120-001**

# PRECISION PERFORMANCE MONOFILAMENT TEST CHAMPION!

## Carp<sup>®</sup> in FOCUS

### Available in four different colors.

The CARP in FOCUS magazine has tested the PELZER EXECUTIVE CARP line and published this review in their 42 July/August 2013 issue:

"The PELZER EXECUTIVE CARP has the best abrasion value of all monofilaments and is amazingly soft and therefore user-friendly. The camouflage colour is an additional advantage. It is striking that the PELZER EXECUTIVE CARP is very abrasion resistant despite its small diameter. Its surface is extremely smooth, as if it was oiled. In addition to an increased casting distance, the low friction has another advantage: The knots can be pulled tight with a surprising ease. The general rule is that the softer a line the easier it is to knot the less it can be damaged."

Pelzer 'Executive' Line minimizes the risk of line breakage. Executive has 20-times higher abrasion resistance, compared to standard monofilament. Executive Line features a constantly self-actuating reconditioned silicone protective film. This reduces friction as the line slides through the guides when casting.

- Superb abrasion resistance!
- Extreme strength through nylon-silicone molecular sealant
- High molecular density provides higher strength per line thickness ratio
- Reduced line twisting
- Uncompromising high knot strength
- Surface sealant makes the line durable and guarantees a longer lifetime
- Extremely smooth surface, also excellent for waters with lots of snags
- Three perfect adapted colors, nearly invisible under water
- The technology used in the material enables the line to not lose any of its properties at freezing point
- Very low memory with little kinking
- Superb control, even when casting long distances

**The 20-times higher abrasion resistance of Pelzer Executive Carp Line comes from a technological break-through originally developed for insulating high-voltage lines prone to significant mechanical stress.**

# PELZER EXECUTIVE CARP LINE

## EXECUTIVE Carp Line CAMOU

Here varies the lines color in different shades of green.  
Absolutely perfekt camouflagel!

| Item No.:         | Ø mm | kg / lbs  |

| 2D-C 110-030      | 0,30 | 8,4 / 19  |
| 2D-C 110-035      | 0,35 | 12,5 / 28 |
| 2D-C 110-040      | 0,40 | 15,9 / 35 |

## EXECUTIVE Carp Line OLIVE

Dark matte olive tinted. Ideal for fishing in waters with much weed. Between the water plants this line color is nearly invisible.

| Item No.:         | Ø mm | kg / lbs  |
|-------------------|------|-----------|
| 400 m / 438 yds   |      |           |
| 2D-C 100-028      | 0,28 | 8,0 / 18  |
| 2D-C 100-030      | 0,30 | 8,4 / 19  |
| 2D-C 100-035      | 0,35 | 12,5 / 28 |
| 2D-C 100-040      | 0,40 | 15,9 / 35 |
| 1200 m / 1312 yds |      |           |
| 2D-C 103-028      | 0,28 | 8,0 / 18  |
| 2D-C 103-030      | 0,30 | 8,4 / 19  |
| 2D-C 103-035      | 0,35 | 12,5 / 28 |
| 2D-C 103-040      | 0,40 | 15,9 / 35 |
| 5000 m / 5468 yds |      |           |
| 2D-C 104-028      | 0,28 | 8,0 / 18  |
| 2D-C 104-030      | 0,30 | 8,4 / 19  |
| 2D-C 104-035      | 0,35 | 12,5 / 28 |
| 2D-C 104-040      | 0,40 | 15,9 / 35 |

NEW

## EXECUTIVE Carp Line BROWN

Especially for waters with pebbly or dark and loamy gravel grounds a very inconspicuous line.

| Item No.:         | Ø mm | kg / lbs  |
|-------------------|------|-----------|
| 400 m / 438 yds   |      |           |
| 2D-C 112-028      | 0,28 | 8,0 / 18  |
| 2D-C 112-030      | 0,30 | 8,4 / 19  |
| 2D-C 112-035      | 0,35 | 12,5 / 28 |
| 2D-C 112-040      | 0,40 | 15,9 / 35 |
| 1200 m / 1312 yds |      |           |
| 2D-C 115-028      | 0,28 | 8,0 / 18  |
| 2D-C 115-030      | 0,30 | 8,4 / 19  |
| 2D-C 115-035      | 0,35 | 12,5 / 28 |
| 2D-C 115-040      | 0,40 | 15,9 / 35 |

## EXECUTIVE Carp Line CLEAR

Untinged, clear line, nearly invisible in clear waters. Seems like white on the spool – in the water it's aber clear and transparent.

| Item No.:         | Ø mm | kg / lbs  |
|-------------------|------|-----------|
| 400 m / 438 yds   |      |           |
| 2D-C 117-028      | 0,28 | 8,0 / 18  |
| 2D-C 117-030      | 0,30 | 8,4 / 19  |
| 2D-C 117-035      | 0,35 | 12,5 / 28 |
| 2D-C 117-040      | 0,40 | 15,9 / 35 |
| 1200 m / 1312 yds |      |           |
| 2D-C 119-028      | 0,28 | 8,0 / 18  |
| 2D-C 119-030      | 0,30 | 8,4 / 19  |
| 2D-C 119-035      | 0,35 | 12,5 / 28 |
| 2D-C 119-040      | 0,40 | 15,9 / 35 |

# PELZER EXECUTIVE CARP LINE

## EXECUTIVE Carp Line round Braid

First-class round-braided line with a neutral weight.

Ideally suited for fishing over long distances.

The neutral weight of the line ensures that it does not sink to the bottom where it may possibly be caught on obstacles. Manufactured in a very inconspicuous camouflage colour.

| Item No.:               | Ø mm | kg / lbs |
|-------------------------|------|----------|
| 600 m / 656 yds / camou |      |          |
| 2D-C 500-018            | 0,18 | 10 / 22  |
| 2D-C 500-020            | 0,20 | 12 / 26  |
| 2D-C 500-022            | 0,22 | 14 / 31  |

## Carp Line XT Quality Monofil

This Pelzer mainline provides an optimal combination of suppleness and abrasion resistance with all the features needed in a modern carp line.

The extremely smooth surface is ideal for casting long distances.

- High knot strength
- Smooth surface
- Enormous abrasion resistance
- Low stretch factor
- Olive-green tint

| Item No.:                 | Ø mm | kg / lbs  |
|---------------------------|------|-----------|
| 400 m / 438 yds / olive   |      |           |
| 2D-C 130-030              | 0,30 | 8,2 / 18  |
| 2D-C 130-035              | 0,35 | 12,1 / 27 |
| 2D-C 130-040              | 0,40 | 15,3 / 34 |
| 600 m / 656 yds / olive   |      |           |
| 2D-C 131-026              | 0,26 | 6,2 / 14  |
| 2D-C 131-028              | 0,28 | 7,8 / 17  |
| 2D-C 131-030              | 0,30 | 8,2 / 18  |
| 2D-C 131-035              | 0,35 | 12,1 / 27 |
| 2D-C 131-040              | 0,40 | 15,3 / 34 |
| 1200 m / 1312 yds / olive |      |           |
| 2D-C 133-030              | 0,30 | 8,2 / 18  |
| 2D-C 133-035              | 0,35 | 12,1 / 27 |
| 2D-C 133-040              | 0,40 | 15,3 / 34 |

Fishing with braided lines for carp is getting very popular. Less stretch is an advantage when fishing at long range or near weeds and bushes. It's also more abrasion resistant which makes it more durable when in contact with rocks, shells and groves. The latest technologies ensure less colour fading too. The weed green colour blends in well making it unobtrusive in all waters.

## EXECUTIVE Bottom Braid

Very tight braided 8-strand and round construction, very smooth and silent through your guides.

**new**

| Item No.:                    | Ø mm | kg / lbs   |

## PELZER EXECUTIVE LEADER

### EXECUTIVE Tapered Leader Precision Performance Monofilament

Tapered shock cord. Extremely abrasion-resistant.

11 meters in total length with a diameter-decrease every 3 meters, from 0,60 mm down to 0,35 mm.

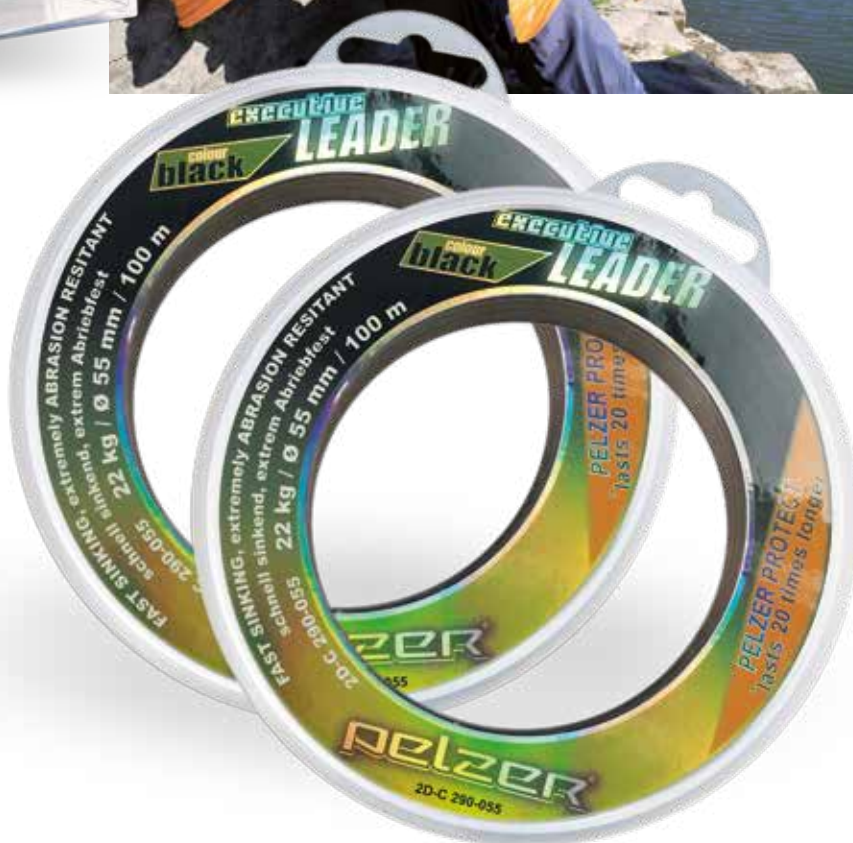

Makes a significantly smaller knot for easier casting.

| Item No.:                    | Ø<br>mm     | kg / lbs |
|------------------------------|-------------|----------|
| 3 x 1 m / 3 x 12 yds / clear |             |          |
| 2D-C 295-060                 | 0,35 - 0,60 | 11 / 25  |

### EXECUTIVE Leader Precision Performance Monofilament

Extremely abrasion-resistant mono shock cord for fishing in obstacle infested waters. Manufactured in a fast-sinking version that sits on the bottom near the bait and doesn't spook any fish.

| Item No.:               | Ø<br>mm | kg / lbs |
|-------------------------|---------|----------|
| 100 m / 109 yds / black |         |          |
| 2D-C 290-055            | 0,55    | 22 / 49  |
| 100 m / 109 yds / camou |         |          |
| 2D-C 291-055            | 0,55    | 22 / 49  |

## Lead Core round Braid

It is extremely heavy braided line with lead core and perfect for the first few meters behind the rig. Lays nice and tight to the bottom to do not spook carps. Lead core is very abrasion resistant. Available in camou brown and gravel green colour.

| Item No.:                    | kg / lbs |
|------------------------------|----------|
| 20 m / 22 yds / camou brown  |          |
| 2D-C 350-035                 | 16 / 36  |
| 2D-C 350-045                 | 20 / 44  |
| 20 m / 22 yds / gravel green |          |
| 2D-C 354-045                 | 20 / 44  |

## Lead Core Super Soft

It is extremely heavy braided line with lead core and perfect for the first few meters behind the rig. Lays nice and tight to the bottom to do not spook carps. Pelzer Lead Core Super Soft is more soft than current Lead Core materials and matches more tight to uneven Bottom. Lead core is very abrasion resistant. Available in camou brown and gravel green colour.

Splicing Tool inside

### Fluorocarbon

Premium Quality – Made in Japan!

This line is virtually invisible in water. Perfect as a leader or snag leader. Heavier than normal monofilament – perfect for laying flat on the lake/river bed.

Extreme abrasion resistance with a high knot strength.

Many carp anglers use it as leader material for clear water and as a snag leader for the first 3-10 metres behind the rig.

| Item No.:               | Ø<br>mm | kg / lbs  |
|-------------------------|---------|-----------|
| 20 m / 22 yds / clear   |         |           |
| 2D-C 300-027            | 0,27    | 5,6 / 12  |
| 2D-C 300-033            | 0,33    | 7,5 / 17  |
| 2D-C 300-037            | 0,37    | 9,0 / 20  |
| 2D-C 300-042            | 0,42    | 11,0 / 25 |
| 100 m / 109 yds / clear |         |           |
| 2D-C 301-052            | 0,52    | 14,0 / 31 |
| 2D-C 301-062            | 0,62    | 19,5 / 44 |

### Gator

Due to its extremely high abrasion resistance, Pelzer Gator is the ideal braided leader and snag leader for obstacle-filled waters.

Pelzer Gator is made from some of the most abrasion- and scratch-resistant materials available today.

Designed for use as snag leader in obstacle-filled waters and is ideal for river fishing.

Also perfect for fishing near mussel beds or weed.

- Dark brown camouflage colouring
- Sinking

| Item No.:             | kg / lbs |
|-----------------------|----------|
| 20 m / 22 yds / brown |          |
| 2D-C 366-025          | 12 / 27  |

## Shark Skin

Coated, Braided Leaders – A very popular hook link material. The “coating” of the core HMPE fibre can be easily removed with your fingernail to the required length.

Perfect for anti-tangle hook links and for making combo-rigs. Stiff leaders are especially advantageous for long casts.

| Item No.:           | kg / lbs | Länge<br>m / yds |
|---------------------|----------|------------------|
| <b>camoubrown</b>   |          |                  |
| <b>2D-C 358-025</b> | 12 / 27  | 20 / 22          |
| <b>2D-C 358-035</b> | 16 / 36  | 20 / 22          |
| <b>2D-C 358-045</b> | 20 / 44  | 15 / 16          |
| <b>camougreen</b>   |          |                  |

| <b>2D-C 360-035</b> | 16 / 36  | 20 / 22          |
| <b>2D-C 360-045</b> | 20 / 44  | 15 / 16          |

## Monster Link

Pelzer Monster Link is the perfect braided leader for catfish and the ultimate braided snag leader for carp angling in extreme situations. It features a virtually indestructible braid made of bullet proof Aramid fibres. It can be spliced or knotted. Catfish anglers who tested this leader were simply delighted because Monster Link proved absolutely reliable, even in extended and brutal fish playing situations.

| Item No.:                       | kg / lbs  |
|---------------------------------|-----------|
| <b>5 m / 6 yds / titanbrown</b> |           |

| <b>2D-C 372-280</b>             | 127 / 282 |

# PELZER LEADER

## Super Soft Link

An excellent braid using the latest fibre production technologies and most advanced braiding processes. Despite its extreme abrasion resistance, this multi fibre braid delivers an ultimate bait-hook combination, giving total freedom of movement.

Pelzer Super Soft Link is a low diameter, soft and supple alternative to all previously known leader materials.

Colours: Green / Grey

| Item No.:                  | kg / lbs |

# PELZER RIG WORLD

## Inline Feeder

Carp lead with spring shape to hold ground bait or paste secure to the lead.  
Not only for feeder fishing. Inline version with rubber cone shaped sleeve.  
Matches perfectly with size 8 swivels.

| Item No.:    | Weight |
|--------------|--------|
| brown        |        |
| 2D-I 406-030 | 30 g   |
| 2D-I 406-040 | 40 g   |
| 2D-I 406-050 | 50 g   |
| 2D-I 406-060 | 60 g   |

## Rig World PVA

These selected PVA products offer many different options to place a small amount of feed close to the hook bait. More importantly, it won't dissolve too fast in warm or too slow in cold waters !

## PVA Funnel-Mesh

The Funnel Mesh is a very resilient and tear-resistant sock style PVA tube.  
Many feed types can be easily inserted into the PVA bag when you pull it over the tube provided.

| Item No.:    | Measure       |
|--------------|---------------|

## Hook Bait Mesh (no PVA)

Bait mesh makes it possible to use a variety of baits you would normally find hard or impossible to attach to hooks. Whether pieces of bread, hemp, small pellets, mussels... anything is possible. Once you pack it into bait mesh, these make perfect little balls of bait.

The mesh reliably protects the bait from those hungry crayfish !

| Item No.:    | Type  | Measure        |
|--------------|-------|----------------|
| 2D-I 280-023 | fine  | 10 m / ø 23 mm |
| 2D-I 280-037 | fine  | 10 m / ø 37 mm |
| 2D-I 282-018 | heavy | 10 m / ø 18 mm |
| 2D-I 282-023 | heavy | 10 m / ø 23 mm |

## PVA String 20 m

To lash and arrange Bags, Funnel and Mesh.

Item No.: **2D-I 205-021**

# PELZER RIG WORLD

## Sweetcorn Imitation Hairstops

Plastic maize kernels for use as hair stops and to give your bait extra visual appeal. Ideal for soaking in bait flavours which remain around your bait for a long time. Very light, but non-floating.

**20 pcs**

Item No.: **2D-I 010-020**

## Sweetcorn Imitation Floating

Floating plastic maize kernels make your bait especially appealing. Good at soaking up flavours or other attractors. Very effective in combination with natural baits.

**20 pcs**

Item No.: **2D-I 012-020**

## Floating Boilie Imitation

Soft plastic pop-up boilie with striking colours. Highly recommended, especially in waters where crayfish are present. Good at soaking up flavours or other attractors.

**Ø 15 mm / 12 pcs**

Item No.: **2D-I 014-012**

**Ø 10 mm / 20 pcs**

Item No.: **2D-I 015-020**

## Super Safe Lock

Special swivel with Anti Tangle Sleeve. It makes it quick and easy to replace leader. Additionally the anti tangle sleeve is bar spacer for secure casts. The swivel size matches to most carp tackle components like Lead-Clips and Inline-Leads aso.

**# 8 / 10 pcs / + 10 anti tangle sleeves**

Item No.: **2D-I 026-008**

## Distance Safety Lead Clips

Extra strong safety clip. Perfect when fishing at distance. The lead stays in the clip also if you make much pressure at heavy casts.

**40 mm / 6 pcs**

Item No.: **2D-I 050-040**

## Semi Fixed Lead Set

Perfect set for reliable assembly. With ring swivel and lead clip.

**6 pcs**

Item No.: **2D-I 018-005**

## Chod Rig Swivels

Optimized swivel for tying chod rig. For better function and easy assembly one eye is bigger than the other. The swivel size matches to most carp tackle components like Lead-Clips and Inline-Leads aso. Matt black finish..

**# 8 / 10 pcs**

Item No.: **2D-I 020-008**

## Ring Swivels

Swivel fitted with a ring for no restriction. The swivel size matches to most carp tackle components like Lead-Clips and Inline-Leads aso. Matt black finish.

**# 8 / 10 pcs**

Item No.: **2D-I 022-008**

## Rolling Swivel

Superb quality and the most commonly used swivel!  
The swivel size matches to most carp tackle components like Lead-Clips and Inline-Leads also. Matt black finish.

# 8 / 10 pcs

Item No.: 2D-I 021-008

## Backlead Clips

Very comfortable clip for creating a back clip by using current lead with swivel in every size you want. You can easily replace the lead if you need other weight.

5 pcs

Item No.: 2D-I 062-000

## Maggot Clip

Small metal rings that can be clipped together.  
Perfect for presenting maggots and many other baits as a hair method

25 mm / 10 pcs

Item No.: 2D-I 032-025

## Oval Rig Rings

val ring for assambling several rigs. Perfect for making D-rigs or to connect combo-link leaders. Matt black finish.

4,5 mm / 20 pcs

6,0 mm / 20 pcs

Item No.: 2D-I 028-045 Art.-Nr. 2D-I 028-060

## Loop Rings

Very spezial but also common ring Perfect for making D-rigs or to connect combo-link leaders. Matt black finish.

# 8 / 10 pcs

Item No.: 2D-I 029-060

## Rig Tube

Flexible PVC Rig Tube, perfect be used as Anti Tangle Tube behind the the lead. It protects the skin of the Carp while fighting and also protects the main line in the shells and in the weed. It is also ideal for making Line Agliner Rig.

Ø 1,75 mm x 100 cm / 1 pcs

Item No.: 2D-I 060-018

## Tungsten Rig Tube

Extra heavy rig tube. Lays down very flat to the lake bed.  
Perfect for anti tangle tube behind the lead.

Ø 1,85 mm x 100 cm / 10 pcs

Item No.: 2D-I 056-118

Ø 2,20 mm x 100 cm / 10 pcs

Item No.: 2D-I 056-122

NEW

## Shrink Tube

Easy to shrink by moderate heat. Shrink tube perfect for fixing hairs on the hook shank. Available in various sizes for several hook sizes.

Ø 2,0 mm x 60 cm / 1 pcs

Item No.: 2D-I 058-020

Ø 2,5 mm x 60 cm / 1 pcs

Item No.: 2D-I 058-025

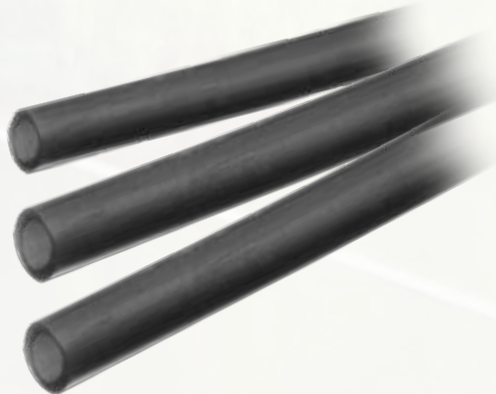

# PELZER RIG WORLD

## Silicon Tubes

A soft and durable silicone tube. Perfect as a swivel or knot protector, ring stop on the hook or for fixing hairs to the hook shank  
Content: 10 pcs

| Item No.:           | Colour | Measure       |
|---------------------|--------|---------------|
| <b>2D-I 056-015</b> | black  | ø 1,5 x 60 mm |
| <b>2D-I 056-020</b> | black  | ø 2,0 x 60 mm |
| <b>2D-I 056-025</b> | black  | ø 2,5 x 60 mm |

NEW

NEW

## Lead Cones

The cone holds together the rig tube (antitangle tube) and the bolt clip. This prevents the tube from slipping. It also has no edge to help prevent getting the leader tangled when casting. Depending on the thickness of the rig tube being used you may have to trim the cone accordingly. Now made with our new compound rubber. Also ideal for inline leads!

**10 pcs**

Item No.: **2D-I 066-000**

## Anti Tangle Sleeves

Rubber sleeves designed to protect the leader when casting and will enable perfect presentation of your bait. Also perfect for protecting the knots attached to your swivel.

**40 mm / 20 pcs**

Item No.: **2D-I 054-040**

## Tungsten Anti Tangle Sleeve

Extra heavy anti tangle sleeves to fit on leader and fixed at one eye of swivel. Works as bar spacer and because of the extra weight, the leader stays very close to the lake bed..

**20 mm / 10 pcs**

Item No.: **2D-I 054-120**

NEW

## Line Aligner Adaptor small & medium

This is all you need for assembling a successful Line Agliner Rig.

Available in two sizes: Small for hook size 8 and 6  
Medium for hook size 4 and 2

**medium / 10 pcs**

Item No.: **2D-I 064-002**

**small / 10 pcs**

Item No.: **2D-I 064-008**

NEW

## Hook Beads

Small oval beads for hold and adjust rig rings to the bend of the hook.

**2,3 mm / 30 pcs**

Item No.: **2D-I 070-023**

NEW

## Tungsten Beads

Extra heavy beads for mutiple areas of applications. The additional weight ensures keeping the rig flat on the lake bed

**6 mm / 10 pcs / Holesize: 2,3 mm**

Item No.: **2D-I 070-106**

NEW

## Chod System

Combined with the „Chod Rig Swivel“, the CHOD SYSTEM makes it easy to assemble a Chod Rig. This special bead keeps the chod in position and allows to move the bead easily on the line.

**10 pcs**

Item No.: **2D-I 070-010**

## Tungsten Hooklink Weight

These are for adding to the leader line (like rubber stops) to keep it on the riverbed. In addition, moulding putty can be attached to the hooklink weights

**12 pcs**

Item No.: **2D-I 074-006**

## Soft Tungsten

Extra heavy, easy mouldable tungsten putty for sinking your rig tube or leader. Also ideal as counterweight to place pop-up boilies close to the riverbed.

**20 g / 1 pcs**

Item No.: **2D-I 044-020**

## Bait Bands with hole

Ideal for quick and easy pellet fixing at hair or directly on hook.

**small / 30 pcs**

Item No.: **2D-I 048-056**

**big / 30 pcs**

Item No.: **2D-I 046-056**

## Bait Disc

For preventing damage on softer bait, you can use the bait disc. The Bait Disc secures fixing the bait to the hair.

**Ø 6,4 mm / 50 pcs**

Item No.: **2D-I 072-064**

## Hair & Shot on Hook Kit

For „Shot on Hook Rig“, you fix split shot near to barb of the hook to ensure the hook turns right while suck in. With this set, you can assemble very easy. You can also use this system as hair, be fixed at the bend of hook.

**12,5 cm / 10 pcs**

Item No.: **2D-I 064-125**

## Extended Hair Stops

Special hair stops in three different lengths. This allows the hair stop to be inserted into the bait and fixed in different positions; it also means you won't need to change the leader when you switch bait size. In addition, hair length can be slightly changed with extended hair stops

**1 pcs / 36 individual parts**

Item No.:

**2D-I 036-063**

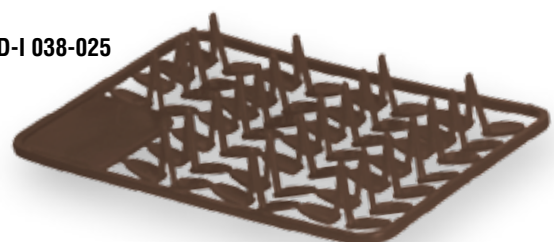

## Pellet Stops

Extra-large hair stops especially designed for securing pellets. Also good for securing softer baits.

**1 pcs / 25 individual parts**

Item No.: **2D-I 038-025**

# PELZER RIG WORLD

## Big Hair Stops

Perfect boilie stop and is also suitable for other baits.

**1 pcs / 67 individual parts**

Item No.: **2D-I 040-037**

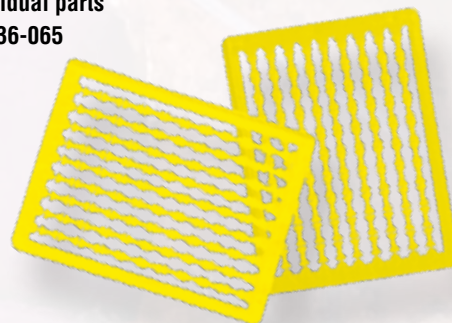

## Boilie Stops

„Bone-shaped“ Hair-Stops. Hold on tight to the bait. Perfect for hard boilies, but works with softer boilies, too. Colour: yellow

**1 pcs / 90 individual parts**

Item No.: **2D-I 036-065**

## RSS Braid Scissor

Very sharp and sturdy scissors, designed to cleanly cut through braid. No problem to cut very soft braided lines. Including small grinder.

**1 pcs**

Item No.: **2D-I 068-000**

## Bait Band Pusher

Easy spreading tool, to fix pellets and other baits to the bait band. Including 50 bait bands (4 and 6 mm)

**1 Set**

Item No.: **2D-I 034-001**

## Knot Puller

Useful little device for tightening knots securely. Shape with good grip.

**1 pcs**

Item No.: **2D-I 079-021**

## Boilie Needle

Durable baiting needle with extra thin tip especially for smaller baits.

**1 pcs**

Item No.: **2D-I 078-010**

## Boilie Needle with Clip

Durable baiting needle with clip. Very helpful tool for thread several components to the line.

**1 pcs**

Item No.: **2D-I 076-010**

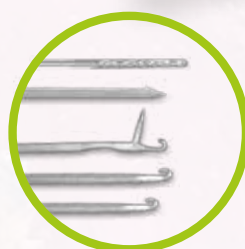

## Pro Tools

Handy needles with rubber grips on the handle.

**Pro Tools Set**  
Set of 5 different Pro Tool needles.

| Item No.:    | Type            |           |

# PELZER TROLLEYS

## EXECUTIVE Trolley

An extraordinary luxury trolley!  
Super strong double-wheel construction with large pneumatic tyres. Suitable for the most demanding of terrain. Equipped with robust utility pocket made of 100% 420D Nylon. Quick-release wheel adapter for transportation purposes. Side and front straps adjustable in height and width.

Measurement: 137 x 70 x 83 cm  
Plus extended brackets, (every 30 cm)  
Item No.: **2D-H 110-002**

## XT Trolley

A very stable trolley and when folded takes up little space. The Pelzer XT Trolley is exactly what you need to transport your tackle quickly and stress free to the water. A wide wheel base and the large pneumatic tyres (which include ball bearings) gives good stability when transporting across rough ground. It is added stabilising hinge to avoid the trolley folding whilst in use. The adjustable handle, just like the concept of the trolley, can be packed down. A transportation strap is also included.

- Tray measurement: 49 x 36 cm
- Handle height: 81-123 cm
- Packing measurements incl. the wheels: 81 x 25 x 58 cm

Item No.: **2D-H 110-003**

## Multi Trolley

Extra strong barrow system for carrying all your equipment. The single wheel design allows for good handling. The wheel features a quick-release adapter to minimize transportation measures.

Measurement: 160 x 65 x 45 cm  
Plus expanded front and side-bars (each 30 cm)

Item No.: **2D-H 110-001**

## Groundbaiter

Popular groundbaiting tool for using at close range or from the boat. Made of highly impact resistant, lightweight plastic.

## Groundbaiter Handle

length: 39 cm

Item No.: **2D-I 200-102**

## Groundbaiter

length: 26 cm

Item No.: **2D-I 200-100**

## Groundbaiter

length: 21 cm

Item No.: **2D-I 200-101**

## Boilie Sticks

Aluminium and PVC Boilie-Throwing-Tubes, perfect for baiting with boilies on large distances. Of course the Aluminium version is a little heavier than our PVC version, but almost nearly "indestructible".

Aluminium-Tube

Ø 25 mm / length: 60 cm

Item No.: **2D-I 140-025**

Aluminium-Tube

Ø 30 mm / length: 70 cm

Item No.: **2D-I 140-030**

PVC-Tube

Ø 25 mm / length: 95 cm

Item No.: **2D-I 141-025**

PVC-Tube

Ø 30 mm / length: 95 cm

Item No.: **2D-I 141-030**

## PELZER BOILIE SAFE

### Boilie Safe 12L

The PELZER Boilie Safe is an extreme practical and multifunctional carry cooler for your baits and other stuff like camera, tablet, cell phone, drinks and everything what has to be kept cool and dry. Made from shock-resistant polypropylene the PELZER Boilie Safe is up to all your requirements. The double wall construction allowed a circular, up to 2,5 cm thick rigid foam insulating material. Like this, cold stuff stays cold and warm stuff stays warm and baits are protected from

heat or cold. It is easy to carry with the enclosed

circumferential carrying strap. By its power rating from 100 kg the PELZER Boilie Safe is the perfect, robust seating.

It could be also be used as a table for preparing your rigs. The box is by its smooth and pore-free surface of the inside food safe and easy to clean.

- Inner Sizes: 30 x 18 x 21 cm
- Outer Sizes: 38 x 25 x 27 cm
- Weight: 2,5 kg

Item No.: **2D-I 300-012**

Equipment not included

## MTX+ Boilies

For many years one of our most popular boilies!  
To create the perfect edible bait was our goal.  
The result is a revolutionary bait based on elemental, natural trigger factors. Trigger factors are certain constituents of natural food that stimulate fish to feed. These substances, which in their molecular composition can consist of either amino acids or fats work on the basis of chemoreceptors. Certain receptors in the mouth of the fish are able to bind these molecules in what is called the "lock and key" principle. This coupling process releases transmitter substances that send a stimulus to the brain and stimulate further feeding. We placed great emphasis on the use of these chemical messengers or trigger factors in the development of MTX+. Put simply, trigger factors are those components of natural food that send a clear message to the fish:  
**"Eat me before anyone else does!"**  
We think you can't expect anything more from good bait.

| Item No.:    | Ø mm | Content / Packing |
|--------------|------|-------------------|
| 2D-E 218-021 | 21   | 250 g Bag         |

## MTX+ Pop Ups

Prolonged buoyancy combined with maximum release of attractants. The ideal pop up boilies.

| Item No.:    | Ø mm | Content / Packing |
|--------------|------|-------------------|
| 2D-E 220-315 | 15   | 100 g Can         |
| 2D-E 220-321 | 21   | 100 g Can         |

## MTX+ Dip

The legendary MTX attractor liquid. Greatly increases the attraction to bait.

125 ml Can  
Item No.: **2D-E 220-211**

## PELZER SUSHI

### Sushi Boilies

The extremely successful Sushi boilie - makes fish even easier to catch!

A fish-meal orientated bait, which, due to its special concept, is a particularly aggressive alternative to other baits.

While the use of different fish and crustacean meals ensures a biological nutritional value and elementary voracity, citrus ester and different fruit aromas produce a high level of attraction on an artificial, extremely fast acting basis.

Combined with all the trigger factors that have already caused a sensation in the MTX+ boilies.

If the bait is not hard enough for your angling situation, simply open the bag to allow the boilies to dry.

Using these boilies at the right location will help you catch fish !

| Item No.:    | Ø mm | Content / Packing |
|--------------|------|-------------------|
| 2D-E 208-021 | 21   | 250 g Bag         |
| 2D-E 210-021 | 21   | 1000 g Bag        |
| 2D-E 210-015 | 15   | 1000 g Bag        |

| 2D-E 210-112 | 12   | 5000 g Bag        |

## Sushi Pop Ups

Sushi boilie pop ups - attract fish to very light hookbait (snowmen) or bait floating just above river beds.

| Item No.:    | Ø mm | Content / Packing |
|--------------|------|-------------------|
| 2D-E 210-315 | 15   | 100 g Can         |
| 2D-E 210-321 | 21   | 100 g Can         |

## Sushi Suspender

The Sushi Suspender is a hook bait with minimum floating effect. Only the weight of the hook is enough to hold the hook bait on the lakebed. Especially for very spooky carps, it is an advantage to have a hook bait which is very easy to suck in.

100 g Can / Ø 20 mm  
Item No.: 2D-E 210-420

**NEW**

**Boilie Safe 12 L**  
The ideal storage option  
For your baits. See page 106

## Sushi Pellet Oil

Pellets are very popular bait and with this attractor they're even more effective! The pellets also have a tougher consistency when treated with sushi pellet oil. Ideal addition for stick mixes, groundbait or boilies..

500 ml Bottle  
Item No.: 2D-E 210-200

## Sushi Dip

Ideal for sushi boilies. Attracts carp to hookbait even more effectively and quickly. Highly recommended for short angling times!

125 ml Can  
Item No.: 2D-E 210-211

## Proton Boilies

The PROTON better the already quick efficiency-time of these boilies. The soft texture of Proton boilies optimizes attractor-leakage. The complete range is made of fishmeals, crustacean meals, bloodworms, musselextracts, seaweed extracts and a high rate of our Amino Sense Appeal, in order to maximize the fish-stimulating, even in cold water. Sensationally successful! Many anglers that use proton boilies won't use any others – they're that successful...

Each available in two different versions:

TFB - very fruity, very sweet

MCS - very fishy and salty

| Item No.:    | Type | Ø mm | Content / Packing |
|--------------|------|------|-------------------|
| 2D-E 200-028 | TFB  | 28   | 1000 g Bag        |

## PVA BOMB-A Sticks

Ready made PVA-Sticks. Simple to use. Take straight out of the pack, add a flavour (if required), attach it to your hook and cast to your spot. 15 seconds later, the Bomb-A-Stick melts and creates a cloud of colour, flavour and particles near your hook bait. If you want to create a longer melting time just roll or dip the PVA Bomb-A-Stick in an oil such as the PELZER SPECIAL FISH OIL.

**Sushi** Pellets combined with ground bait and a fluorescent coloured flavour spray for maximum attraction. Content: 20 pcs  
Item No.: **2D-E 806-101**

**Halibut** Pellets combined with ground bait and a fluorescent coloured flavour spray for maximum attraction. Content: 20 pcs  
Item No.: **2D-E 806-105**

**Scopex Vanille** Pellets combined with ground bait and a fluorescent coloured flavour spray for maximum attraction. Content: 20 pcs  
Item No.: **2D-E 806-110**

**Banana Fluo**  
Ground bait combined with pellets which create an attractive fluorescent cloud. Carp will not be able to resist!  
Content: 20 pcs  
Item No.: **2D-E 806-120**

**Strawberry British Bread**  
British bread colourful particle Mix.  
Content: 20 pcs  
Item No.: **2D-E 806-119**

# PELZER POP UPS

## Neon Pop Ups

Neon Pop Ups light up under water. Their floating ability is tremendous. The outer layer of the neon pop-ups is very "open" so that the flavours are delivered fast, but sustainably into the water. Neon Pop Ups are available in neon pink, neon yellow, neon orange and neon white in three sizes (10, 16 and 20 mm) and different flavours.

### Neon Pop Up Colour Mix (Mixed)

Neon Pop Ups in different colours with a discreet Scopex / Cream flavour. They can also be soaked with a flavor of your choice.

They soak up the flavour well and will give a consistant release into the water.

| Item No.:    | Type              | Colour | Ø mm | Content / Packing |
|--------------|-------------------|--------|------|-------------------|
| 2D-E 100-016 | Cream             | white  | 16   | 75 g Can          |

| 2D-E 800-006 | Amur Special     | green  | 120 g Can         |
| 2D-E 800-007 | Honey            | yellow | 120 g Can         |
| 2D-E 800-008 | Scopex / Vanilla | yellow | 120 g Can         |

# PELZER MICRO BOILIES & TIGERNUTS

## Micro Boilies

Handy packs of 8 mm micro boilies. Ideal for carp, tench, chub and barbel. A very successful bait when fishing for large coarse fish. Small baits are a very successful and selective bait for large non-predatory fish, but also carp. The Fish & Cheese variety has proved particularly good at catching large barbel and chub. The variety Tutti Frutti is a classic for tench, carp and bream.

| Item No.:    | Type         | Colour | Ø mm | Content / Packing |
|--------------|--------------|--------|------|-------------------|
| 2D-E 300-510 | Tutti Frutti | orange | 10   | 150 g Can         |

## Tiger Nuts

Carp love tiger nuts!  
Our new Super Sweet Tiger Nuts have added sweetener which will be irresistible to carp. Highly recommended especially on heavily fished waters. Super when fished on a hair rig.

| Item No.:    | Colour | Content / Packing |
|--------------|--------|-------------------|
| 2D-E 800-030 | nature | 100 g Can         |

**SUPER SWEET  
„Tiger Nut“**

## Super Sweet Tigernuts

Carp love tiger nuts! Our new Super Sweet Tiger Nuts have added sweetener which will be irresistible to carp. Highly recommended especially on heavily fished waters.

800 g Bag

Item No.: 2D-E 804-015

Soaked and lightly cooked particle baits. Ideal for baiting up your swim either loose, as a hook bait or part of a spod / stick mix. Super bait for carp and other coarse fish.

## Carp Corn - Scopex/Vanille

Premium quality corn with excellent consistency. Enriched with our very successful Scopex / Vanilla flavour. 800 g Bag  
Item No.: **2D-E 804-001**

## Carp Corn - Partikel Mix

A mix of premium particle baits including corn, wheat and hemp. An excellent spod mix for baiting up your swim. 800 g Bag  
Item No.: **2D-E 804-002**

## Carp Corn - Hemp Nature

A great bait for holding fish such as carp, tench and bream in your swim. Strong natural flavour, that can also be used as an additive for groundbait or your stick-mix. 800 g Bag  
Item No.: **2D-E 804-010**

## Carp Corn - Hemp Red Chili

Fish cannot resist the attraction properties of hemp. When combined with chilli, attraction is stronger and drives fish wild! 800 g Bag  
Item No.: **2D-E 804-011**

**NEW**

## Pellets

Due to the high concentration of flavour, pellets attract carp, barbel, bream and other coarse fish quickly to the feeding zone. Our pellets (depending on the water temperature) will break down and dissolve within 1-3 hours. Best used as an addition to the hook bait in PVA bags, or loose fed to create additional feeding zones within your swim. Available in different diameters and flavours. The Micro Pellets are also excellent additives with the stick-mix or groundbait.

| Item No.:    | Type                | Colour | Ø mm  | Content / Packing |
|--------------|---------------------|--------|-------|-------------------|
| 2D-E 806-001 | Sushi               | red    | ca. 4 | 800 g Bag         |
| 2D-E 806-002 | Sushi               | red    | 10    | 800 g Bag         |
| 2D-E 806-003 | Sushi               | red    | 16*   | 800 g Bag         |
| 2D-E 806-005 | Halibut             | brown  | ca. 4 | 800 g Bag         |
| 2D-E 806-006 | Halibut             | brown  | 10    | 800 g Bag         |
| 2D-E 806-007 | Halibut             | brown  | 16*   | 800 g Bag         |
| 2D-E 806-010 | Scopex / Vanille    | yellow | ca. 4 | 800 g Bag         |
| 2D-E 806-011 | Scopex / Vanille    | yellow | 10    | 800 g Bag         |
| 2D-E 806-012 | Scopex / Vanille    | yellow | 16*   | 800 g Bag         |
| 2D-E 806-015 | Anis (Amur Special) | green  | ca. 4 | 800 g Bag         |
| 2D-E 806-016 | Anis (Amur Special) | green  | 10    | 800 g Bag         |
| 2D-E 806-017 | Anis (Amur Special) | green  | 16*   | 800 g Bag         |

\* 16 mm Pellets with Hole

## Hookbait Pellets

This especially prepared bait in pellet form has a very tough and hard consistency which they keep even after hours in the water. Hookbait pellets contain a high proportion of halibut pellet meal.

The ideal fishing bait for carp, catfish and other large, non-predatory fish, and particularly when lined with pellets. The size of the hookbait pellets is 20 x 20 mm.

| Item No.:    | Type    | Colour | Ø mm | Content / Packing |
|--------------|---------|--------|------|-------------------|
| 2D-E 110-201 | Halibut | nature | 20   | 100 g Can         |
| 2D-E 110-202 | Mussel  | nature | 20   | 100 g Can         |

## Hookbait Pellets Mix

Pellets with a drilled hole for easy attachment to your hair rig. A very good and rapid-acting bait that is perfect not only for carp, but also barbel, bream and tench. Each pack includes assorted sizes for each fishing situation. Our pellets (depending on the water temperature) will break down and dissolve within 1-3 hours.

| Item No.:    | Type             | Colour | Ø mm  | Content / Packing |
|--------------|------------------|--------|-------|-------------------|
| 2D-E 806-050 | Sushi            | red    | mixed | 70 g Can          |
| 2D-E 806-051 | Halibut          | brown  | mixed | 70 g Can          |
| 2D-E 806-052 | Scopex / Vanille | yellow | mixed | 70 g Can          |
| 2D-E 806-053 | Amur Special     | green  | mixed | 70 g Can          |

# PELZER CRUSHED PARTICLE MIX

## Crushed Partikel Mix (Groundbait)

ELZER CRUSHED PARTICLE Mixes are the ideal ground bait for stillwaters and streams. For stillwater use it can be mixed with breadcrumbs (up to 1:3), for streams it should be applied pure in order to achieve consistent attraction and the best hold. The mixture of premium ingredients like partially crushed corn and seeds can be easily combined with proven efficient PELZER attractants, resulting in an irresistible ground bait for carp.

| Item No.:    | Type            | Content / Packing |
|--------------|-----------------|-------------------|
| 2D-E 804-017 | Sushi           | 800 g Bag         |
| 2D-E 804-018 | Scopex Vanille  | 800 g Bag         |
| 2D-E 804-019 | Strawberry Fish | 800 g Bag         |
| 2D-E 804-020 | Natur-mix       | 800 g Bag         |

## British Bread Colour Mix

Ideal additive for groundbait or your stick-mix. Specially baked particles in an eye-catching colour assortment. 5% added to your main mix will be enough to attract even the most cautious carp!

| Item No.:    | Type          | Content / Packing |
|--------------|---------------|-------------------|
| 2D-E 804-050 | British Bread | 800 g Bag         |

**NEW**

## ImitationPop up Tigernut

Artificial floating fake soft plastic tiger nut with very realistic colour and shape. Soaks easy flavour and other attractors.

| Item No.:    | Colour | Content / Packing |
|--------------|--------|-------------------|
| 2D-E 810-040 | brown  | 10 pcs Can        |

## Imitation Corn

Soft yet very tough and durable corn imitations in different colours. Made of special buoyant silicone. Soaked in a variety flavours. Ideal when used as an addition to your hook bait.

Material: 100% Silicon

| Item No.:    | Type             | Colour | Content / Packing |
|--------------|------------------|--------|-------------------|
| 2D-E 810-001 | Scopex / Vanille | yellow | 10 pcs Can        |
| 2D-E 810-002 | Pineapple        | glow   | 10 pcs Can        |
| 2D-E 810-003 | Halibut          | red    | 10 pcs Can        |

## Imitation Maggot

Produced using long lasting materials. Available in different colours and flavours and offer an extremely large number of applications. Material: 100% Silicon

| Item No.:    | Type      | Colour | Content / Packing |

## Imitation Bloodworm

Bloodworms are the main natural food for carp and freshwater species. Our bloodworm imitations are a great attractor and are ideal when used in combination with maggots or worms. Material: 100% Silicon

| Item No.:    | Type      | Colour | Content / Packing |
|--------------|-----------|--------|-------------------|
| 2D-E 810-030 | Bloodworm | red    | 30 pcs Can        |

# 

## 

The flavours in this range are based on the original Element-X formula resulting in an exclusive bait with an outstanding natural flavour that stays active for long periods. Add 5-8ml to 1kg boiliemix.

| Item No.:    | Type         | Content / Packing |
|--------------|--------------|-------------------|
| 2D-E 400-101 | MTX+         | 50 ml Bottle      |
| 2D-E 400-102 | Sushi        | 50 ml Bottle      |
| 2D-E 400-103 | Monster Crab | 50 ml Bottle      |
| 2D-E 400-104 | Tutti Frutti | 50 ml Bottle      |
| 2D-E 400-105 | Blue Mussel  | 50 ml Bottle      |
| 2D-E 400-107 | Bun Spice    | 50 ml Bottle      |
| 2D-E 400-108 | Peanut       | 50 ml Bottle      |

## 

Paste with excellent consistency. Primarily intended for covering bait. This highly attractive bait can be kneaded into pellets or boilies, which then slowly dissolve in water, sending out flavour particles. Of course, also well-suited as a regular hook bait paste. Pellet paste is especially recommended when fishing pellets as bait. When kneaded around the hook bait, the pellet paste protects it from getting too soft too quickly once it hits the water.

Halibut pellets and other ingredients are used to prepare pellet paste.

| Item No.:    | Type       | Content / Packing |
|--------------|------------|-------------------|
| 2D-E 110-051 | Halibut    | 500 g Can         |
| 2D-E 110-052 | Red Mussel | 500 g Can         |

## 

A very tough dough, which dissolves very slowly. It will be fed as a large dough ball (e.g., 500 g) at the fishing spot. Because of its size, the large feed-dough cannot be eaten quickly and the constant nibbling of smaller fish attracts carps to this hot spot. Another suitable approach consists in wrapping paste around the lead thus drawing the carp's attention to the hook bait.

| Item No.:    | Type         | Content / Packing |
|--------------|--------------|-------------------|
| 2D-E 110-111 | Green Mussel | 2,5 kg Can        |
| 2D-E 110-112 | Scopex Cream | 2,5 kg Can        |
| 2D-E 110-113 | Strawberry   | 2,5 kg Can        |

## Liquid Sweet Enhancer

A highly concentrated sweetener with a rich creamy taste. Gives your bait a wonderful taste which the carp just cannot resist. Use: 6-10 ml per kg

| Item No.:    | Content / Packing |
|--------------|-------------------|
| 2D-E 400-211 | 50 ml Bottle      |
| 2D-E 400-212 | 500 ml Bottle     |

## Boilie Konservierer

This preservative assures you from the shelf life of your own-produced boilies for appr. 4-8 weeks, without distorting the flavour.

Use: Add the preserver to your mix of eggs.

Stirring the mix thoroughly is the condition for the perfect preservation of the boilie. After the cooking, it is recommended to dry and air the fresh boilie for 3-4 days. Also, this preserver is just right for the short-term preservation of particles

(dosage: 50 ml per kg cooked particles)

Dosage: 50-100 ml per kg boilie mix.

| Item No.:    | Content / Packing |
|--------------|-------------------|
| 2D-E 400-221 | 500 ml Bottle     |

## Special Fish Oil

A highly nutritional blend of top quality fish oils with a distinctive taste and added vitamins. Special Fish Oil improves the taste profile and the nutritional value of any base mix.

Use: 20-50 ml per kg of base mix

| Item No.:    | Type         | Content / Packing |
|--------------|--------------|-------------------|
| 2D-E 400-231 | Monster Crab | 500 ml Bottle     |
| 2D-E 400-232 | Mussel Squid | 500 ml Bottle     |
| 2D-E 400-233 | Salmon       | 500 ml Bottle     |

## PELZER BOILIE MIXE

### Boilie Mixe

For those who make their own boilies, we offer a range of very successful boilie base mixes. Pelzer Baits boilie mixes include all of the essential raw materials for healthy bait that will catch carp. Carp really like these mixes. When we created the recipes, we dispensed with anorectic ingredients. This makes the boilies easier to digest and prevents the carp from feeling satisfied too early. All of our boilie mix ingredients is included for a specific purpose and make the mixes the basis of extremely effective baits. All Pelzer Baits boilie mixes contain ingredients that result in a relatively coarse, open boilie structure while still allowing the boilie to remain hard for hours in the water. The open boilie consistency allows constant, long-term release of flavour particles and aromas into the water. This explains why bait made from Pelzer Baits boilie mixes are so attractive. It is not enough that our blends have a superior track record; they're also wonderful to work and make child's play out of rolling the perfect boilies.

### Proton Mix

Extremely high quality boilie mix of the succesful Proton series. Crustaceans, bloodworms, mussel extract, algae powder, etc. form the basis. The boilies made from Proton mix have a loose bait texture for fast attractant release.

| Item No.:    | Type   | Content / Packing |
|--------------|--------|-------------------|
| 2D-E 400-001 | Proton | 5 kg Bag          |

### Sushi Mix

The "Best Seller"! A mix based on fish meal which due to its special formula is a particularly aggressive alternative. While a variety of fish and shellfish meals ensure the biological and nutritional value and send out elemental feeding stimuli, the citrus esters and various fruit aromas have a fast-acting, strong and artificial attractiveness. So to speak, "the best of both worlds".

| Item No.:    | Type  | Content / Packing |
|--------------|-------|-------------------|
| 2D-E 400-002 | Sushi | 5 kg Bag          |

### MTX+ Mix

To create the perfect edible bait was our goal. The result is a revolutionary mix based on elemental, natural trigger factors. Trigger factors are certain constituents of natural food that stimulate fish to feed. These substances, which in their molecular composition can consist of either amino acids or fats, work on the basis of chemoreceptors. Certain receptors in the mouth of the fish are able to bind these molecules in what is called the "lock and key" principle. This coupling process releases transmitter substances that send a stimulus to the brain and stimulate further feeding. We placed great emphasis on the use of these chemical messengers or trigger factors in the development of MTX+. Put simply, trigger factors are those components of natural food that send a clear message to the fish.

| Item No.:    | Type | Content / Packing |
|--------------|------|-------------------|
| 2D-E 400-003 | MTX+ | 5 kg Bag          |

## Mussel & Crab Mix

Based on our long-standing successful Blue Mussel Mix. Mussels are the main food of large carp. This mix contains a highly concentrated mussel extract which is also used in the food industry. It has demonstrated its tremendous success on various waters. Boilies made of Mussel & Crab Mix are accepted in all waters with high mussel levels as quickly as natural ones.

| Item No.:    | Type          | Content / Packing |
|--------------|---------------|-------------------|
| 2D-E 400-009 | Mussel & Crab | 5 kg Bag          |

## Energy Plus Mix

Our neutral mix that has a pleasant and delicious taste. Since it is based on vegetable proteins and carbohydrates, it is a true energy mix which carp like to eat in every season. Pro Mix is particularly suitable for waters where many boilies need to be used to attract and keep carp in the feeding area. Due to the low price, it is also recommended for longer sessions. Pro Mix is especially ideal for the production of sweet and fruity boilies as it optimally supports the flavour and releases it in a pure form.

| Item No.:    | Type        | Content / Packing |
|--------------|-------------|-------------------|
| 2D-E 400-005 | Energy Plus | 5 kg Bag          |

## Sweet Birdfood Mix

A bird food/seed mix at its best. Based on different sweet bird food varieties, seeds, egg biscuit products and vegetable proteins. The more neutral, sweet and creamy taste allows the use of many different flavours. This mixture is highly recommended in heavily fished waters where the carp are already familiar with most bait types. Long-term tests have shown us that the carp never stop eating these boilies.

| Item No.:    | Type            | Content / Packing |
|--------------|-----------------|-------------------|
| 2D-E 400-006 | Sweet Bird Food | 5 kg Bag          |

## Fish Seduction Mix

This mix includes salmon meal, seaweed extract, wheat protein, liver meal and shell flour. It contains many natural proteins, carbohydrates, minerals, vitamins and amino acids that are present in the natural food of carp. Bird food provides the perfect structure to the resulting bait. A flavour mixture proven over many years gives the Fish Seduction Mix a distinct flavour. It meets the entire food requirements of a carp and enables us to offer the carp an equivalent alternative to its natural food. An absolutely reliable boilie mix.

| Item No.:    | Type           | Content / Packing |
|--------------|----------------|-------------------|
| 2D-E 400-007 | Fish Seduction | 5 kg Bag          |

## Tigernut & Peanut Mix

The thought of a base mix with high nut content therefore makes sense. Now combined with extremely attractive tiger nuts. Our previously available peanut mix has in recent years become one of the top baits available in Europe. Now we have made it even better. The grainy texture and sweet flavour make it an excellent mix for every season and every type of water. Irresistible bait that brings exceptional carp catches even in difficult waters.

| Item No.:    | Type              | Content / Packing |

**WORLD RECORD**

Yellowfin Tuna from Shore  
230 lb (104 kg)

World-renowned angler **DENNIS VERREET** caught this land-based world record tuna on the WFT 51 KG STRONG. He said:

"On average I make around 8000 casts per big tuna hook-up and I found that a lot of braids don't last long enough to make the 8000th cast, let alone land the big tuna. I had fished just about every braid on the market before discovering WFT KG STRONG. It has proven its durability and performance over time and has landed impressive World Record fish. It is the braid I trust and it is the only braid I use."
